#### MRS. NORMAN BRINGS SECOND SUIT AGAINST DAUGHTER.

Woman Who Had Patterns Carted Away From H. S. Kronck's Home Renews Court Proceedings.

Mrs. Nancy R. Norman filed another suit in the Circuit Court yesterday against her daughter, Belle A. Norman Kronck, and the latter's husband, Hubert S. Kronck, State legislator, to secure control of the business of a pattern company.

Amrya Gilbert and Louis C. Cleaver, who, it is stated, are employed by the Kroncks. are also made defendants.

Mrs. Norman states that in 1872 she origfrated a device for teaching methods of cutting garments for men, women and chil-

She states that she possessed certain patterns, contained in books, pamphlets and charts, which were copyrighted, and has been excluded from access to them.

She states that the business is conducted largely through the mails, and the defendants have seized the books of accounts and the patron and correspondent lists.

She tried to have the mail sent to her present address, but the Post-Office authorities would not do so, because it was represented to them that she and her daughter were partners in the business, she says.

The defendants have adopted another business name.

"The attitude of Japan and the warlike tons of the majority of the Japanese press have attracted much attention in official circles here. It is declared by the best informed people that there is no likelihood of war, certainly not upon Russia's initiative. It is stated that Russia has every motive for desiring peace, chiefly for financial reasons, with which are wound up a desire for extensive domostic reform, which the Government considers to be the most efficacious manner of disarming international discontent and nipping the revolutionary propaganda in the bud.

"It is believed to be impossible, from the Russian viewpoint, for Japan to embark in a contest with Russia single-handed, and it is not thought sip will secure the material support of Great Britain or the United States. Nevertheless, Russia is taking every precaution to strengthen her military and naval position in the Orient, believing this to be the surest means of discouraging Japanese aggression.

"M. Lessar's Port Arthur conference is said to have dealt chiefly with these measures, though they are declared to be entirely precautionary, war being the furthest thing from the wishes of the Russian Government."

For Belief in Dr. Williams' Pink Pills for Pale People.

Mrs. Gosney Tells Why She Has Such Great Confidence in This Famous Remedy.

"For the begt reason in the world," answered Mrs. J. O. Gosney of Pullman, Wash., when asked why she praised Dr. Williams' Pink Pills so highly.

"They cured me after three doctors and all sorts of remedies had falled," she continued. "I suffered horribly with what the doctors called neuralgia of the stomach, and I also was troubled to an unusual extent with the Ills which only women experience. Every month I had cramps which nearly drove me wild, and they were so bad sometimes that my husband had to run for a doctor to give me something to relieve me. Often they would keep me in bed for days at a time, and just before I began taking Dr. Williams' Pink Pills for Pale People my hands used to get numb when I had these spells. I can't tell half of what I went through. The natural functions of my sex ceased and the spells of cramps kept krowing more frequent. Dr. Williams' Pink Pills helped me the first week I took them and after taking them faithfully awhile longer I became entirely cured."

REFERRED TO JUDGE DAVIS.

Will Investigate the Charges Made Against the Merchants' Bridge Company.

The bill changing the name of Lindell avenue to Camp Jackson avenue, which was introduced by Cavitain Boyce, by request, and which had passed the House a week ago, was returned to the Council and signed by President Hornsby. The bill now goes to Mayor Wells for his signature.

Both branches of the Municipal Assembly adjourned for one week. The Council is ready to adjourn for the summer, it was stated vesterday, and is only awaiting the pleasure of the House in the matter. Speaker Hughes will ask the special committees to make reports as soon as possible and then a concurrent resolution will be introduced, adjourning both the Council and the House.

#### **BOOTBLACKS MUST PAY** CITY FOR PARK STANDS.

House of Delegates Requires "Shiners" to Give Up a Percentage of Receipts for Privileges.

The House of Delegates last night strug-

gled with bills authorizing the construction of bootblack stands. The ordinance giving the contract for stands at the Lindell avenue entrance to Forest Park to A. J. Norris and W. C. Mc-

that the Merchants' Bridge Company has violated its charter by merging its interest with those of the Eags bridge has been referred to Judge Advocate General Davis at Washington, D. C.

The report made by Major Cassy of the United States Engineers, stationed in St. Louis, and who had been ordered to investigate the matter, was referred to Judge Davis, who will decide whether the Merchants' Bridge Company has violated its charter and it so to what degree.

Mr. Davis will also advise as to what further steps, if any, should be taken.

Under the terms of the original charter granted the Merchants' Bridge Company, if its stockholders owned stock in a competing bridge, or if it was managed by the same officers or directors as of a competing bridge, its charter could be annulied and without further legal steps the Secretary of War could take possession of it in the name of the United States.

An amendment to this charter was passed by Congress several years ago by which the stockholders of a competing bridge could own stock in the Merchants' bridge. It is charged in the complaint that the Terminal Association controls both the Merchants' and the Eads bridges, and the stock of both bridges is principally owned by one and the same parties.

In his report Major Casey stated that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and surther that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges, and further that he could find nothing to substantiate these charges. Chesney was passed after an amendment had been added stipulating that the contractors pay to the city 7½ per cent of their earnings. The amount looked big to several members who spoke against it. When the bill was passed Birge remarked that "This is

where the bootblacks get a black eye." O'Neil introduced a bill by request giving permission to Hugh Brady and August

mittee of the whole and consider the measures.

This was done, and the committee of the whole returned the bills in question to the Committee on Public Improvements, This move gives the committee another forty days to work on the bills.

Chairman Hammerstein of the Committee on Claims reported favorably on the bill granting relief to John Kinsella to the amount of \$100. Kinsella was injured by being run over by a buggy of one of the assistant fire chiefs.
